Lat 18-25 Long 21-05

Saturday March the 29 This day
begins with pleasant weather winds strong
and sea rough steering E & East middle part
day too under the same sail heading to the Eastward
latter part at Day light kept her E & East under
the same sail still strong briege and verry ruggid
at 8 Oclock raised spuym whales off Deck close aboard
however did not gally them much they only had ot
turn and kept off their old course again it being
so ruggid did not lower waited to see if it would
not moderate kept run of them the whales working
to Eastward what little they did go just heading
to W and let the sea heave them at 12 Oclock
still in sight weather a verry little better one
ship in sight murchantman Lat 17 38 Long 20 46

Sunday March the 30 This day com
menses with the same strong briege and ver
y ruggid whales still in sight close too at 2
Oclock the weather not likely to be eney bet
thought we would lower and try them Lower
ed 2 boats and got down and struck 2 whales 1
60 bbls and 25 bbls whale and lost them both
one took the line the other the first mon
keyed and cut the short warp off I supposed
to Endy this day of hard fortune got on board at
½ past 3 Oclock PM 2 murchantmen in sight at
dark middle day too heading to Eastward weath
er same Latter the same clear weather Lat 17 32 20 10

Monday March the 31 This day begins with the same and no prospect of its being enny better hard luck and back weather seems to run together middle and latter part the same still on the Eastern tack Lat 17-16 Long 19-35
